Water-Bearing Rocks
All rocks contain some water, but some, such as the granites, carry only an approachable amount. Sandstone, on the other hand, has an absorptive capacity of a gallon of more water to the cubic foot of rock and is the best water bearer of the solid rocks.

Duration of Life Increased.
Four hundred years ago the average length of human life was between eighteen and twenty years. One hundred years ago the average human life was less than thirty. The average human life today reaches nearly forty years.

Sole Origin of Right.
My voice may sound too harsh, and I may too severely insist on proclaiming the necessity of virtue and sacrifice; but I know, and you will soon know also, that the sole origin of every right is a duty fulfilled.—Mazini.

The Sabbath.
A world without a Sabbath would be like a man without a smile, like a summer without flowers, and like a homestead without a garden. It is the joyous day of the whole week.—Boethius.

Distinction of Terms.
"Of course you favor the uplift!" "I don't know," replied the busy man. "I'm a plain, practical person. Sometimes I think the uplift depends too much on literature and science. What I favor is the boost."

Make House Beautiful.
In the home, that is beautiful to the external eye, there must ever be corners, and unexpected places, closets, kitchens and cupboards—"the corners that be," behind the scenes.

Very Handy Remedy.
Always keep alum in the house. It checks bleeding wounds, and for bleeding of the mouth or tongue a wash of cold water in which alum has been dissolved is very effective.

THE LAD THAT FORGOT TO TIP HIS HAT

HIS HAT ON, BUT OTHER WISE HE'S CORRECT
One of the smart blouses for children's furnishing is this Blon suit for boys. The pattern and suit trousers take the broadcloth coat and vest with a four-in-hand tie and regulation collar. Despite hard to manage, the derby is nevertheless quite smart.

EMERALDS DEFEAT FORT WRIGHT

Willimantic Five Walked Away From Soldiers in Second Half
—Score 44 to 25—Windham High Defeats Killingly, 21 to 12.

(Special to The Bulletin)
Willimantic, Jan. 28.—The Emeralds five defeated the team from Fort Wright Friday evening in the Valley street armory, 44 to 25. The game was very close up to the close of the first half when three baskets in quick succession put the Emeralds a safe distance in advance, 22 to 4. In the second half the soldiers boys were outclassed. The game was fast and well contested.

There was a large attendance. The summary:
FT. TERRY **EMERALDS**
Gillman Higins
Camp Right Forward Chappel
Van Dorn Left Forward Lewis
James Center W. Kelrins
Wilson J. Kelrins, Harrington
Goals, Gillman 4, Camp 3, Van Dorn 3, Higins 8, Chappel 6, Lewis 4, W. Kelrins 3, J. Kelrins 1. Goal from fouls, Gillman 2, Wilson 1, referee, Kelley.

MISS DEVAL'S TEAM WON.
At the Aetna alleys Friday evening a team captained by Miss Deval defeated Miss Jackson's quintette in two strings.
MISS JACKSON'S TEAM:
Miss Edwards 58 66 124
Miss Roessler 62 62 124
Miss McNamara 38 61 119
Miss Jackson 58 60 118
Total 216 249 465

MISS DEVAL'S TEAM:
Miss Lewis 52 70 122
Miss O'Connor 65 71 136
Miss Deval 47 53 100
Miss Deval 63 63 126
Total 227 257 484

JOE LOOMIS WILL HAVE A CHANCE FOR REVENGE.
Scheduled to Meet Howard P. Drew in 100 Yard Special Race.

Joe Loomis, the versatile Chicago A. athlete, will have an opportunity to be revenged on Howard P. Drew for his defeat in the Millrose games on Wednesday night, when they met in a 100 yard special race which will be one of the features of the annual New York Athletic club indoor meet in the 22d regiment armory on Feb. 8.

Roy F. Morse, the 220 yard national champion, will also be a starter in this race, and the Mercury foot authorities are scouting for a fourth man. In all probability the selection rests between Frank L. Stephenson and Arthur Ensign, the Brooklyn Sunday school boy who defeated Loomis, Eller, Burch and Meanix in a special hurdle race in the Millrose meet.

Loomis will have more chance to beat Drew over 100 yards than at 70 yards, for the colored boy is too fast off his special race which will be one of the features of the annual New York Athletic club indoor meet in the 22d regiment armory on Feb. 8.

Loomis is the national champion over the century route and at San Francisco.

WINDHAM HIGH FIVE COMES BACK STRONG.

Killingly Found Fault With Referee's Decisions—Score, 21 to 12.

(Special to The Bulletin)
Willimantic, Jan. 28.—After a lay-off for a fortnight, the Windham High school basketball squad got back into the game Friday afternoon at the Y. M. C. A. gymnasium, and took the measure of the team from Killingly high to the tune of 21 to 12. Every man on the local team threw one or more baskets, and the game was at times an exciting one to watch.

The visitors found much fault with the decision of Referee Robert Kelley who, by the way, called more fouls on the locals than on the visitors, who "crabbed" hard all through the game. Whatever may be said as to the merits of calling all fouls, technical and otherwise, the custom is not followed in this city, and the visitors for no worse treatment than the locals in the matter.

For the first period the basket shooting was slow, for nearly half of the time three foul goals represented the improvement was at best a matter of debate or conjecture, but the inquiry for investment issues suggested a change of speculative sentiment.

War shares, particularly Crucible Steel, Lackawanna Steel, Baldwin and American Locomotives, Westinghouse, General Electric and American Can, led the rise. Crucible was the most active feature of the session, trading in that stock far exceeding the dealings in U. S. Steel. The rise in the munitions group was regarded as a logical result of the president's plea for home defense, but Crucible's advance of 6 to 73 1-4 revived rumors associating the company with Bethlehem Steel.

Bethlehem was dull but strong, advancing ten to 470 and United States Steel after some early uncertainty rose to 84 1-4, but closed at 83 3-8 unchanged.

Petroleum shares, notably Mexican Petroleum, the motors, coppers and a few of the miscellaneous high priced issues contributed more or less moderately to the forward movement, which halted in the early afternoon. Brierley and Union Pacific were the conspicuous shares of the railway list, while Canadian Pacific, St. Paul, Reading and Northern Pacific were decidedly firm at advances of a point.

Prices underwent a moderate revision in the final hour, the decline being led by New Haven, which broke 2 1-4 to 68, while some of the other rails, as well as industrials and metals, forfeited much or all of their advance. The unsettledness was accompanied by reports from Washington deemed to be of a disquieting character. Total sales amounted to 535,000 shares.

General news of the day embraced additional favorable railway earnings for December, large bank clearings and indications of a moderate cash loss by local institutions on the week's movements.

Bonds were steady on narrow dealings. Total sales (par value) aggregated \$4,210,000.

U. S. bonds were unchanged on call.

SPORTING NOTES

According to Reggie Brown, the Harvard football team lost to Cornell last fall because it used only "simple plays."

Ralph Glaze will try to come back this season as pitcher for the Portland (Ore.) club of the Pacific coast league.

Steve Yerkes is tickled to death with the news that he is to play with the Cubs. He tells Joe "Pinker" the Cubs will land the pennant.

Garry Hermann can remain chairman of the national commission, as long as he wants to, according to President Tener of the National league.

Manager Joe Tinker of the Cubs admits there was a deal on for Johnny Evers, Zimmerman to go to the Braves, but that negotiations now are all off.

Connie Mack, manager of the Philadelphia Americans has announced that he has released to the Baltimore club of the International league Pitcher Knolsson and Sherman and infielder Kopen.

Tom Jones, manager of Jess Willard, has wired an acceptance from New Orleans to a proposal of the bus-

FINANCIAL AND COMMERCIAL

MARKET WAS IRREGULAR.
Stocks Made Some Recoveries from Recent Declines.

New York, Jan. 28.—Stocks registered general but very irregular recoveries today from their declines of the preceding days of the week. To what extent the covering of short contracts or investment buying figured in the improvement was at best a matter of debate or conjecture, but the inquiry for investment issues suggested a change of speculative sentiment.

War shares, particularly Crucible Steel, Lackawanna Steel, Baldwin and American Locomotives, Westinghouse, General Electric and American Can, led the rise. Crucible was the most active feature of the session, trading in that stock far exceeding the dealings in U. S. Steel. The rise in the munitions group was regarded as a logical result of the president's plea for home defense, but Crucible's advance of 6 to 73 1-4 revived rumors associating the company with Bethlehem Steel.

Bethlehem was dull but strong, advancing ten to 470 and United States Steel after some early uncertainty rose to 84 1-4, but closed at 83 3-8 unchanged.

Petroleum shares, notably Mexican Petroleum, the motors, coppers and a few of the miscellaneous high priced issues contributed more or less moderately to the forward movement, which halted in the early afternoon. Brierley and Union Pacific were the conspicuous shares of the railway list, while Canadian Pacific, St. Paul, Reading and Northern Pacific were decidedly firm at advances of a point.

Prices underwent a moderate revision in the final hour, the decline being led by New Haven, which broke 2 1-4 to 68, while some of the other rails, as well as industrials and metals, forfeited much or all of their advance. The unsettledness was accompanied by reports from Washington deemed to be of a disquieting character. Total sales amounted to 535,000 shares.

General news of the day embraced additional favorable railway earnings for December, large bank clearings and indications of a moderate cash loss by local institutions on the week's movements.

Bonds were steady on narrow dealings. Total sales (par value) aggregated \$4,210,000.

U. S. bonds were unchanged on call.
